

Inuvika OVD Enterprise is available as an all-inclusive 100% OPEX-based Subscription Program. The Program delivers affordable, annual or multi-year plans that provide predictable pricing over the period without costly up front perpetual license Fees.

PROGRAM SUMMARY

- Subscription is calculated on a concurrent connected user (CCU) basis.
- Volume incentive pricing available.
- Maintenance is included.

SUBSCRIPTION PERIODS

- Available for 12, 24, and 36 months.
- Renewal agreements available for a 12-month term.
- Multiple agreement consolidation available on renewal.

SOFTWARE USE

- Download and use of all versions of OVD Enterprise available within the subscription period.

SOFTWARE DISTRIBUTION

For the duration of the subscription period, subscribers receive:

- Access to binary and source code.
- New major version releases.
- New minor version updates.
- Maintenance and security releases.

SUPPORT SERVICES

- For active Subscription Agreements, Inuvika offers Level 3 Support Agreements through our accredited partner network.
- Online support tools and documentation.

SOFTWARE REMEDIATION

- Defect reporting and tracking.

BENEFITS
